LOW RIPPLE MAGNETRON POWER SUPPLY

WMP-2K-3K2P-TG

FEATURES:

- Continuously power control
- High efficiency
- Single power supply
- Low ripple output
- Air -cooled
- Prepared for operation with
magnetron head 2000W / 2450MHz

SPECIFICATIONS:

- HF-Power output 2kW CW and
3,2kW max. in pulse-operation
- Pulse able in the range of
200Hz up to 20kHz
- Power supply : 3-phase 400V / 50Hz
- Cooling :
internally air-cooled

ASSEMBLY :

- Plug-in case 19" ,6 units height, depth 550mm

OPERATION :

- integrated operating and display panel
- Interface RS232
